

NOTICE TO TRAVELLERS TO CUBA

The Government of Cuba requires, that all foreign travellers and Cubans living abroad, reaching the island on or after 1st of May 2010 to have a medical insurance policy.

To meet such requirement, travellers must have evidence of a travel insurance which covers medical expenses or a policy for medical expenses with coverage in Cuba.

The insurance policy should be taken out at the home country of departure. Travellers, who, exceptionally, do not have insurance on arrival, can take out a policy of insurance and assistance from Cuban insurance companies at the airport.

Travel insurance from Cuban insurance companies and most international insurance companies receive travel assistance services in Cuba from Asistur S.A, reportedly available 24 hours all year round.

Residents in the United States travelling to Cuba will have to take out their insurance policy at their home country of departure from Cuban insurance companies. The arrangement can be made through agencies associated with Havanatur-Celimar Company. US insurance companies do not provide coverage in the Cuban national territory.

Upon demand after their arrival, travellers must present a policy, insurance certificate or travelling assistance card valid for the time span they intend to stay in Cuba.

In case of any medical emergency, the Cuban health system guarantees the necessary medical care through a network of policlinics and hospitals, covering every corner of the island. Primary health care is provided in most of hotel facilities.
